Section: LEARNING COACH

We want to ensure that all enrolling families are aware of School Policies and Enrollment Expectations. School Name requires that each student has a designated adult, known as the Learning Coach, who will have the primary responsibility of being actively involved in all school related work and activities. Learning Coaches are the primary point of contact for all teachers and Academic Staff. If you choose to select someone other than yourself as the Learning Coach, please note that Legal Guardians are still ultimately responsible in ensuring adherence to school policies.

A Learning Coach actively monitors, assists, and motivates the student on a daily basis to ensure academic progress and adherence. The role and responsibilities of the Learning Coach varies based on the student's grade level.

- Grades K- 5th.** In grades K-5, the Learning Coach works side-by-side with a student to facilitate progress through daily lessons. While the teacher oversees all facets of the instructional experience for each subject, the Learning Coach's constant guidance and support through each lesson is critical for a young learner. The Learning Coach communicates regularly with the student's teacher and establishes proper scheduling, pacing and advanced preparation for lessons. A K-5 Learning Coach ensures that the student is making adequate progress in all courses and meeting program expectations. Learning Coaches of K-5 students can expect to spend 3–6 hours per day supporting their child's education..
- Grades 6th- 8th.** In Middle School students begin to develop more independence and take a more active role in their learning. The support of a Learning Coach is critical during this transition. A Middle School Learning Coach is responsible for working closely with the student's teacher(s) to monitor all aspects of a child's online schooling experience. The Learning Coach ensures that the student is engaged in schooling each day, meeting program requirements and deadlines, staying on track with scheduling and pacing, and collaborating with his teacher when additional support is needed. While students begin to gain independence in Middle School, they still need consistent guidance and support from a Learning Coach to ensure academic success. Learning Coaches of Middle School students can expect to spend 2–4 hours per day supporting their child's education.
- Grades 9th- 12th.** In High School the Learning Coach is referred to as the student's Mentor. The Mentor helps the student stay on task and ensure the student is following through on his or her assignments while the student is expected to manage his or her own time and schedule directly. High School courses are taught by teachers specifically experienced in their respective subjects, so the student has a different teacher for each subject. These teachers are responsible for reviewing all student work and providing instructional feedback. The student is expected to move at a consistent pace with her or his class in each subject.

Please review the Acknowledgement of Expectations and School Policies document before selecting the student's Learning Coach to ensure you fully understand this role and its responsibilities.

If another responsible adult will be the Learning Coach, please fill out Learning Coach Information.

Who will be the students Learning Coach? I will be the Learning coach Another responsible adult will be the Learning Coach

Orientation

Newly approved families will receive several communications via email. These emails include a welcome letter from the School Based Enrollment Coordinator, instructions from a GCA Strong Start Specialist and a welcome letter from K12 that will have your registration ID and instructions for creating your online school account.

The purpose of Strong Start is to introduce the culture of GCA to all new families and ensure they have the foundation needed to be successful in the virtual school setting. Strong Start Specialists will coordinate live help sessions where new families are taught the tools they need to successfully navigate through the system. In between the student's approval and hearing from the Strong Start Intake Specialist families can feel free to contact the School Based Enrollment Coordinator for additional questions or concerns or orient themselves to the Strong Start process by visiting <http://gca.k12start.com> Parents will receive updates about Parent Orientation via school email.

Dual Enrollment

GCA participates in the Dual Enrollment/Dual Credit program which provides opportunities for Georgia high school students to take college-level courses and earn concurrent credit toward high school diploma and a college degree while still in high school. Dual Enrollment/Dual Credit courses are primarily available for any eligible 11th or 12th grade high school student. Students may enroll full or part time in credit bearing college level courses **approved** by the State Board of Education.

Attendance & Progress

Attendance is logged Monday through Friday; however, students can make academic progress over weekends, holidays, etc. Progress is measured by completion of the online curriculum, offline assignments, and submission of work samples. Anytime during the school week that the student is absent and/or not making progress, parents must alert their homeroom teacher immediately to make arrangements to complete the make-up work and/or attendance hours. The Georgia Cyber Academy is required to track attendance according to State Law. Students that do not meet attendance requirements or adequate progress may be found truant or withdrawn from our school. Attendance requirements are as follows:

- Grades K-3 (4.5 hours)
- Grades 4-5 (5 hours) - Based on student academic needs instructional hours may range up to 8 to 10 hours per day , in accordance with their Individualized Learning Plan.
- Grades 6-8 (5.5 hours) - Based on student academic needs instructional hours may range up to 8 to 10 hours per day, in accordance with their Individualized Learning Plan.

Teacher Support

Families are expected to maintain communication with the school and teachers on a regular basis. School Email is our school's internal email system. It is important for Learning Coaches, Legal Guardians, and students to check school email daily, because it is the primary means of communicating with teachers and school staff. Phone conferences and/or live meetings via class connect will be initiated by the teacher as needed and all parties will be expected to have access to all curriculum materials and a computer for these conferences. Face-to-face meetings will be required as needed.

Family Contact Information

A working phone number, email address, and current physical, mailing and shipping addresses must be provided throughout school year and updated as changes occur. Families are required to complete an address change form and submit with proper documentation addresschanges@gacyber.org. Forms can be downloaded from the school website at gacyber.org.

Coursework

K-8 grade level course work is rigorous and mastery-based. This consists of lessons that are followed by assessments, ensuring the student has mastered a particular area before moving on. The online assessments are integrated with the planning and progress tools, making it easy to find the right pace by subject and to stay on track.

High School grade level course work is a credit-based college preparatory program. Each course has a regular weekly schedule of assignments and activities which are graded by a teacher.

Blackboard Collaborate is a "live" interactive virtual environment for communication, presentation, interaction and instruction. The Blackboard Collaborate interface provides a unique learning and teaching tool, capturing the essence of a "face-to-face" session. Blackboard Collaborate is delivered via the Internet where the moderator and participants (and guests) log in using a computer (PC or Mac) with an Internet connection (DSL or cable recommended) through a browser such as Microsoft IE or Mozilla Firefox. Users participate in interactive Web Conferencing sessions by talking, text messaging, listening and (optionally) video.

Blackboard Collaborate or similar services may be recorded for educational purposes, such as, but not limited to, providing the lessons to students who were absent and providing them to students for test preparation.

Assessments

All students will be required to participate in state testing according to their grade level. State testing is completed in person and can happen throughout the year. It is the family's responsibility to provide transportation to the testing location. Specific dates, times and locations will be provided in advance. Failure to attend may result in your student being withdrawn from our school. GCA students are required to participate in:

End of Course Exams (in person)

DIBELS Testing (Dynamic Indicators of Basic Early Literacy Skills)

- Grades K-2
- This is done online or in person at teacher's discretion.

Georgia Milestones End of Grade Testing

ACCESS (Assessing Comprehension and Communication in English State-to-State for English Language Learners)

- Grades K-12 ESOL students

Georgia Alternate Assessment (GAA)

- Grades 3-8, 11 Special Education Students with significant cognitive impairment

Enrichment and Extra Curricular Activities

GCA loves clubs! Foreign Language Club, Art Club, Aspiring Medical Professionals Club, Sci-Fi Club and the National Honor Society name just a few of the exciting opportunities to connect with students that share a common interest at GCA. If you are interested in GCA's extra-curricular activities please contact your Strong Start Intake Specialist for additional information.

Computer

All students must have a computer dedicated for schooling. Based on financial need, GCA may loan a computer to an enrolling family. The income guidelines used to make this determination are the same ones set forth by the federal government for determining eligibility in the National School Lunch Program for free or reduced-price lunches. GCA will offer:

K-8: One desktop per 3 students

High School: One laptop per student

Families that are using their own computer are responsible for ensuring their personal computer meets the required specifications for our Online School Platform. Please check the specifications by visiting the website below: [Is your computer K12 ready?](#)

High Speed Internet

High Speed Internet access is required for enrollment for all students. It must be active by the first day of school and must be maintained for the duration of enrollment. Families will receive an internet stipend if the eligibility requirements for National School Lunch Program are met, as well as compliance with additional school policies regarding required documentation. Students must be actively enrolled to receive the stipend. Stipends are issued to the Legal Guardian. Only one stipend will be issued per household if multiple families reside in the same home. The initial family enrolled in GCA will receive the stipend payable to the legal guardian.

Withdrawing From Current School

Students **must** remain enrolled in their current school until the student's official start with GCA. Withdrawing from the student's current school is the responsibility of the Legal Guardian. Student enrollment dates cannot overlap, so the withdrawal needs to take place on the Friday before the Monday start date.

Georgia Department of Public Health Form 3300

Certificate of Vision, Hearing, Dental, and Nutrition Screening

Who is required to file this Form 3300? The parent or guardian of a child who is being admitted for the first time to a public school in Georgia must file a completed Form 3300 with the school when the child is enrolled.

What is the purpose of Form 3300? Form 3300 is intended to make sure that every child in Georgia is screened for possible problems with their vision, hearing, teeth and nutrition. The earlier these problems are detected, the earlier parents can seek professional help for the child.

What screenings are required? Four different screenings are required: vision, hearing, dental, and nutrition. All four screenings must be conducted and reported on the form before it can be filed with the school.

Who can conduct the screenings? Your child's doctor is authorized to conduct all four screenings, as is your local health department. In addition, the vision screening can be conducted by a Georgia licensed optometrist, or an employee of Prevent Blindness Georgia trained to conduct vision screening; the hearing screening can be conducted by a Georgia licensed speech-language pathologist or audiologist; the dental screening can be conducted by a Georgia licensed dentist, dental hygienist or school registered nurse; and the nutrition screening can be conducted by a Georgia licensed dietician. It is not necessary for the same person to conduct all four screenings.

What does "BMI" and "BMI%" mean? "BMI" means "body mass index." BMI is a way to describe how much a child weighs in relation to height. "BMI%" is a way to compare the child's body mass index to the body mass index of a healthy child. If the child's BMI is less than 5% or more than 84% of what is appropriate for his or her age and height, then the child should be taken to a doctor or dietician for a more detailed evaluation. For more information, visit the Centers for Disease Control and Prevention website on child and teen BMI at:

http://www.cdc.gov/healthyweight/assessing/bmi/childrens_bmi/about_childrens_bmi.html

What should a parent do if the "needs further evaluation" box is checked? "Needs further evaluation" means that the child may have a problem. If the "needs further evaluation" box is checked, then the parent should take the child to a professional for a more detailed evaluation. Your doctor or local health department may be able to help, or recommend someone who can help.

What if a Form 3300 was previously filed for the child at another school? It is only necessary to file the Form 3300 once. If the Form 3300 is filed at the child's first school, and the child later transfers to another school, then the original school is required to forward the Form 3300 to the new school.
